UiTM

WELCOME, or as Malaysians would say, 'SELAMAT DATANG'.

Warmth and generosity are two distinct Malaysian signatures known as BUDI that is soulfully embodied in every Malaysian in welcoming his or her guests. In general, BUDI can be described as the philosophy and culture of politeness, reasoning and wisdom; making up the whole concept of relationships among Malaysians.

Therefore, as the world is driving the Industrial Revolution (IR) 4.0 and facing the Ageing Society, this year we present to you RECONNECT. As a higher learning institution, UiTM is taking advantage of education as a mechanism to strike a balance between both, IR4.0 and Ageing Society, through the embodiment of BUDI as values in life.

Believe me, this is a place where you can learn as much within as well as beyond the campus. So, take this Essential Guide as your firsthand knowledge about Universiti Teknologi MARA (UiTM), a university that reconnects you with the universe.

Over the 63 years of development and progressive transformation, today UiTM is objectively leading its way to becoming a high-performing university intent on continually contributing to the Sustainable Community. With 35 campuses throughout the nation, UiTM offers 515 academic programmes to 160,957 students. To top it all, eminent professors, dedicated academicians, renowned researchers and professional administrators complete the dynamism of the UiTM eco-system with positive energy and lively environs.

As a university with almost all Malaysians as its stakeholders, our programmes are designed and curated to boost students' learning experience based on industry knowledge combined with classroom learning. In the past, the university was primarily centered on teaching. Over the last 3 decades the university's scholarly works immersed in applied research, consultancy and innovation have progressively contributed to the nation's economic and industrial development for the betterment of the world.

Here, we train you students to learn as well as earn a qualification that will ensure a sustainable tomorrow for yourselves and the nation. Enriching your mind and soul with BUDI in a learning journey that nurtures and builds your characters into a BUDIMAN – the engendered ethical, moral and social values that are wholesome and good.

Take your time to complete this Essential Guide, we look forward to seeing you to be part of this big family. When you arrive, make the most of your time here; discover you, your passion and pursue your goal with excitement, dedication and commitment.

RECONNECT your world with UiTM,
because education **RECONNECTS** you with the universe.

Universiti Teknologi MARA (UiTM) is ranked among the world's top 500 higher education institutions in the third edition of the QS Graduate Employability Rankings 2019.

The university had maintained its position in the 301-500 world's top tertiary institutions. Despite the highest enrolment and graduates, UiTM remains competitive and is ranked fourth among the local universities with the most employable graduates. This demonstrates UiTM's commitment to producing high-quality and employable graduates. With respect to industrial training engagement for students and job placement for graduates, UiTM has steadily maintained an excellent percentage.

further

At this time, UiTM has achieved being in the Top 74% in the QS World University Ranking for 2019 thus improving its position from 158 to 137 in Asia. The results were based on various criteria namely academic reputation, employer reputation, internationalization of academic activities, research papers and global networks engagements.

Other than receiving responses and data on how the world sees us in the perspective of rankings, we are, at present, setting our sight on providing UiTM with a global outlook.

Thus, UiTM has embarked on a strategy of “one student, one passport”, sending our students abroad for attachments and exchange programmes. With this activity, UiTM students are able to widen their academic experience and prospects internationally. With such an exposure students would acquire the quality of being resourceful and the ability to adapt to new environments, hence improving their potential to explore new possibilities.

Mode options

Here are the three modes of study you can choose from according to your preferences and interests.

Coursework

If you enjoy the classroom environments, attending lectures, engaging with course mates, be active in social and community activities, as well as preparing research report and writing dissertation, you may want to opt for Coursework as your best study plan.

Clinical Coursework

For clinical programmes, candidates are required to complete the coursework credits and be involved in clinical work.

Mixed Mode

If you are the type of person who is flexible, we can assure you that the Mixed Mode is your suitable choice. With Mixed Mode, you can have an equal fulfilment of taking coursework credits and at the same time completing a dissertation.

Research

If you love to challenge your curiosity and want to venture into a new discovery that can benefit the world, research is the right path for you. You can delve into a specific field of study which can develop your interest and turn into your intellectual domain. The principal requirement for this plan is to write a thesis besides the requirement to attend pre-requisite courses as prescribed.

reconnect your english gap, open the doors of opportunity

If you believe that you need to polish up on your English, enroll in the two-month intensive or six-month proficiency Academic English programmes, which are designed to help international students who want to study at UiTM achieve the level of good command in English language.

TERM

A candidate who does not meet the requirement in 1(a), but has obtained at least:

- i. IELTS (Band 4) or;
- ii. TOEFL (450 (paper based)/133 (computer based)/40 (internet based)) is required to attend and pass **TWO (2) months Intensive English Course** prior to enrolment into the postgraduate programme

A candidate who does not have IELTS/TOEFL certificate is required to attend and pass **SIX (6) months English Proficiency Course** prior to enrolment into the postgraduate programme.

budiman

We make a living by what we get but we make a life by what we give.

Welcome to the home of ambitious innovators, visionary thinkers and extraordinary academicians whose achievements have helped improve the quality of our lives and the planet. In UiTM, you will study in an academic environment that will not just broaden your knowledge but encourage your desire to innovate and challenge your creative thinking. These pursuits can finally be translated into noble outcomes in-line with the UiTM core principles of Excellence, Synergy and Integrity or in-short ESI.

Being a modern civic university that exists in every state of Malaysia, our existence continues to impact the community and surroundings. Thus, we believe in shaping the personality of our students to embrace BUDI as values in life, by way of nurturing them with the BUDI PEKERTI (gentility), BUDI BAIK (generosity), BUDI BICARA (tolerance), BUDI PENYAYANG (compassion) hence making them into a BUDIMAN (wisdom and good-heartedness) person. Undeniably, education will always be the nucleus in developing a strong foundation in one's life and further RECONNECT them with the purpose of life.

education **reconnects** you with the universe

We are living in a disruptive world that has changed the way we live our life. What should we do about it? Should we embrace it or ignore the change? Today, the Fourth Industrial Revolution is a prime discourse among intellectuals and business moguls. It causes breakthrough revolution and rapid transformation on how we manage and upkeep today's life.

Without noticing it, we are growing too fast, thus busy has become the new norm among us so much so, we neglect a quality life. But now, the world is facing the aging population phenomenon.

We need the past to enlighten the present and the future. Therefore, we introduce RECONNECT that allows a higher learning institution like ours to take advantage of education as a mechanism to strike a balance between both IR4.0 and Ageing Society. RECONNECT embraces the intellectual concept of BUDI as values that encourage a balanced while reviving the goodness in mankind.

Education is the root that RECONNECTS us with nature and habitat, RECONNECTS us with family and people, RECONNECTS us with spirituality and peace, RECONNECTS us with good health and well-being, RECONNECTS us with unity and harmony, EDUCATION RECONNECTS YOU WITH THE UNIVERSE.

Let's put life back, our search is on for students who think for themselves and for the future of our world.

Shah Alam – an **urban** residential city

Shah Alam enjoys consistently pleasant weather all year round. This beautiful city is a pulsating and thriving township where you get to enjoy all the amenities you may need. The cost of living is relatively low and you can enjoy eating in small cafés and restaurants and shopping in big malls and grocery stores. English is widely spoken and transportation is easily accessible. If you need a quick getaway to unwind, Shah Alam is the place for you.

i-City

The i-City is a place of mind-blowing technological advances for the diehard technology buffs. This 72-acre intelligent city comprises a retail and commercial hub, theme parks, shopping malls, entertainment outlets, office buildings, hotels, innovation centres, a SnoWalk, a 50,000-square feet artic-themed attraction decked with numerous ice sculptures, a Water World theme park and a City Walk-Space Mission simulation. i-City is nicknamed the “City of Digital Lights because visitors are truly spellbound by its truly mesmerising design with millions of LED lights on trees and buildings. In i-City, life is vibrant and exciting.

Shop to Your Heart's Content

Shah Alam boasts of several shopping malls, like the Shah Alam City Centre Mall, the Setia City Mall, Aeon Mall Shah Alam and others. Stocked with a wide range of goods – from luxury brands to daily living needs, you do not have to venture too far to be a satisfied shopper. Cuisine, from local to western, eastern and fusion, are there to tempt your palette. Shah Alam certainly lives up to its name as a food lover's paradise - everything is just a stone's throw away and within your budget.

‘Library in a Park’

The Raja Tun Uda Library is nicknamed ‘the library in a park’ as it is aptly located near a verdant golf course. This Library has modern glass architecture set amidst luscious surroundings. The Library is equipped with a wide selection of books and reading materials, state-of-the-art IT facilities, a high-tech 6D theater and a gym. If you wish to relax and read whilst simultaneously enjoying the serene and breathtaking panoramic view, this Library is the place for you.

Taman Botani Negara Shah Alam

Taman Botani Negara, Shah Alam is just the place if you want to get away from the madding crowd and the hustle and bustle of city life. This park is a 1,295-hectare tropical rain forest and agriculture park where you can get up close and personal with the flora and fauna, the lush tropical rain forest, the majestic hills and various other attractions. You can cycle or walk at a leisurely pace and take time to smell the flowers.

Blue Mosque

The Sultan Salahuddin Abdul Aziz Mosque, also known as the Blue Mosque, is one of the most stunning architectural marvels that dot the Shah Alam landscape. This mosque is not only the largest in Malaysia, but also the second largest in Southeast Asia after the Istiqlal Mosque in Jakarta, Indonesia. It is well-known as the Blue Mosque due to its massive silver-blue dome on its central building, surrounded by four tower-like minarets. The mosque also overlooks the Garden of Islamic Arts, a 14-hectare park, housing nine galleries of rich Islamic art, sculptures, literature and calligraphy.

Shah Alam Lake Gardens

The Shah Alam Lake Gardens is a 43-hectare beautifully landscaped garden with three man-made lakes. Here, you can rent kayaks to row and enjoy a scenic trip down the lake. There is also a Wet World water theme park with playgrounds and seafood restaurants. During weekends and public holidays, the Lake Garden is a popular retreat for a day out with family and friends. You can also visit the Shah Alam Gallery or the Laman Budaya Culture Centre nearby.

Ardence Labs Setia Alam

Not quite different from Seoul's iconic Common Ground pastel blue container café, Shah Alam can boast of its very own with Ardence Labs Setia Alam. It is a 27-acre neighbourhood development which is located at the heart of Eco Ardence, its flagship town. Some of the tenants include coffee houses like Cocomomo; tea brands like TeaLive; Jaya Grocer and more. It is easy to spend the whole day exploring the area. Besides the iconic pastel blue container, there are also red and black

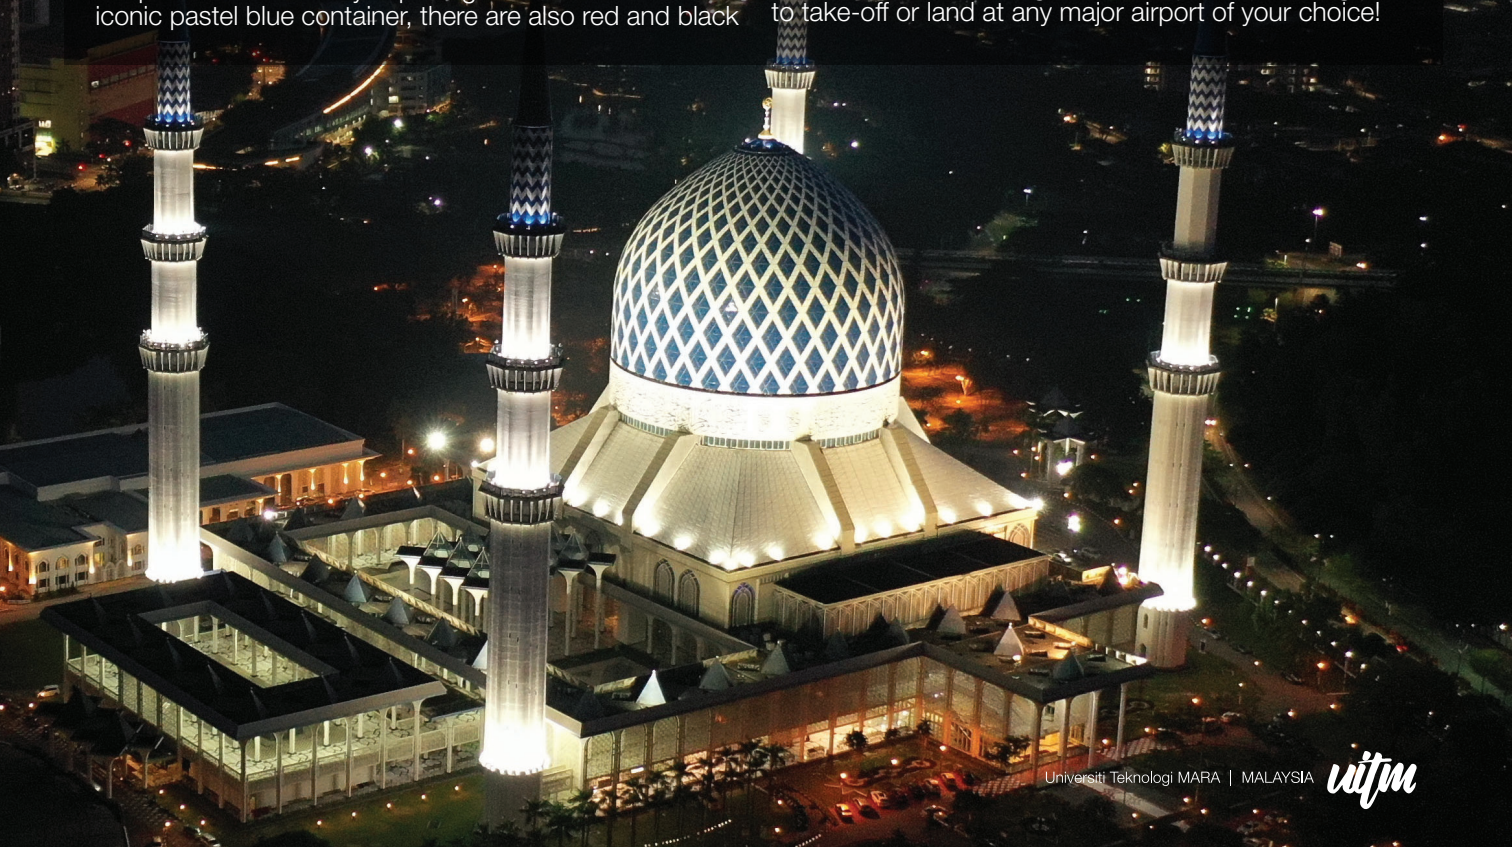

containers. Ardence Labs is a popular place for shutter bugs and the young generation who love indulging in mobile selfies.

Setia Alam Night Market

Arguably the nation's longest night market, the Setia Alam night market comprises three parallel rows of stalls, of more than a kilometre long in the Setia Alam residential estate in Shah Alam. A variety of food, snacks, drinks, clothing/apparels, toys, electronic gadgets and souvenirs can be bought at bargain prices.

A Flight to Remember

Want to land a plane in Tokyo or Venice or any other major city? Then, just head to Aviax, a cockpit flight simulator, where you can experience flying without a pilot's license and from the comfort of your seat on the ground. Wannabe pilots can enjoy a surreal experience in an exact replica of a Boeing 737-800 plane, equipped with a fully functional flight control system, allowing you to take-off or land at any major airport of your choice!
